

Year 6 Autumn 1 Homework Project

We would like to invite you to create a project about one of our topics from this half term and bring it into school on **Monday 23rd October** to show your classmates!

In Year 6, we love to fill our corridor with a display for each half term's projects. Therefore, please create a Year 6 standard poster, piece of art work, or anything you think may be suitable for us to put onto our display. Please note, we will not be sharing Powerpoints.

This half term, our topic is called 'Made in Brum'. Some of the things we are learning about are...

- The History of Birmingham
- Birmingham's canal systems
- The Industrial Revolution
- Evolution and Inheritance
- The life of Ruby Bridges (as part of Black History Month)
- The architect Francine Houben
- Staying safe online
