

Celebration Work- due Monday 5th February

This half term we are learning all about World War 1 and 2 in our topic- **World At War!**

Take a look at our Curriculum Jigsaw on the Year 6 page of our website to see what else we will be focusing on.

To celebrate your learning, we would like you to work on a project throughout the half term. This is to showcase all of the skills and knowledge you have learnt. You can choose to complete any of the listed activities below or be as creative as you like and delve deeper into any of the skills on our Jigsaw.

You can concentrate on one subject or more than one- it's up to you!

You will be presenting your work to the rest of the class.

Please bring this **completed masterpiece** into school on **Monday 5th February** to share with your teachers and friends in class.

As last half term, we ask for **no powerpoints** so that work can be displayed.

Some ideas:

- Cook some recipes using rationed foods.
- Interview a family member or family friend who was alive during World War 2
- Interview a current member of the Armed Forces.
- Create a fact file about one of the Wars.
- Create your own piece of art in the style of Henry Moore.
- Create your own propaganda poster.

Get into good habits!

Please remember that your work should be of Year 6 quality and something you have taken time and care over. Remember that in secondary school you will be expected to complete multiple pieces of homework most evenings so get into good habits!
