

Year 3 Summer 1 Homework Project

Weekly tasks:

Spelling Shed

Practise your spellings ahead of your test each Friday; you can use Spelling Shed to support with this.

Reading

We encourage you to read at least 3 times a week and fill out your Reading Log. Remember, you can use MYON to read books on a device too!

Maths

Please practise your times table recall using TTRS.

Your weekly Maths homework is set on Atom Learning.

We would like to invite you to create a project about one of our topics from this half term and bring it into school on **Monday 20th May** to show your classmates!

You could create a PowerPoint presentation, an interactive poster, a 3D model or even a comic strip! It is completely your choice how you decide to present your learning. Please note, if you decide to create a PowerPoint presentation, this will need to be emailed in advance or alternatively, you could save it to a USB stick and bring this into school.

This half term, our topic is called '**Wild World!**' Some of the things we are learning about are:

- Bee Conservation in Geography
- Watercolour painting in Art
- Plants in Science
- Desktop Publishing in Computing
- Our class novel, 'The Ironman'
- Our additional texts 'Greta's Story: The schoolgirl who went on strike to save the planet' and 'Flotsam'
- 'Relationships' in PSHE

Some ideas:

- Create an interactive poster that explains the different parts of a plant
- Create a watercolour painting of your choice
- Create a non-chronological report about bees
- Plant some seeds and observe their growth
- Create the Iron Man using junk modelling.
- Complete a book review on one of our core texts for this half term.
